"This book is divided into 5 sections. Section 1 includes two chapters: the first chapter describes the ADI instructional model, and the second chapter describes the development of the ADI lab investigations and provides an overview of what is included with each investigation. Sections 2-4 contain the 17 lab investigations. Each investigation includes three components: Teacher Notes, a Lab Handout, and Checkout Questions. Section 5 consists of five appendixes that include standards alignment matrixes, an overview of the CCs and the NOSK and NOSI concepts that are a focus of the lab investigations, options (in tabular format) for implementing an ADI investigation over multiple
