Beyond Software was a video game publisher in the UK in the 1980s. It was set up by the EMAP publishing group in 1983 and published numerous titles on the Commodore 64, Dragon 32, ZX Spectrum and Amstrad CPC, but met with very little success until the release of Mike Singleton's The Lords of Midnight in 1984.

The BEYOND Universe is an exciting feature that allows you to create customized workspaces within the software, to meet your specific show needs. For example, if wanted to have a workspace with specific sliders for colors, brightness, rotation, DMX triggers, etc. and you wanted to lock this workspace for a client or show, so that it cannot be changed, this is all possible using the BEYOND Universe.
