If you want to become a Wedding Planner and build a successful career in the business, then this book is for you! So you want to become a wedding planner? That's great! You love the glitz and glamor of bridal gowns, fancy invitations, wedding parties, flowers and other decorations. You probably already feel certain you can do it because you have the passion for planning events and paying attention to details. But just keep in mind that success in this business depends on much more than that. Becoming a successful wedding planner entails a LOT of hard work and determination and a bit of business savvy and social skills too. The good news is that the need for wedding planners nowadays is increasing and the financial and personal rewards are tremendous. This book will present all of the things you'll need to consider and conquer in order to establish a successful wedding planning business. Let's get started!

In general, communications is considered a glamor industry because of the creativity involved so competition is fierce, even for people with advanced degrees. I've known several people with journalism degrees who couldn't find a job so they ended up as

high school teachers or something like that. It's all about your ability with words. Newscasts have to be written everyday. They have to have fresh, new, exciting, crisp stories. It takes a certain pragmatic skill to write good news copy quickly. If you can get a story, summarize it down into your own words very quickly, edit news footage to go with it to create a quick story on the nightly newscast, you will easily be in demand because these skills are rather rare. People who do these jobs often get tired of the stress involved and quit. On the other hand, I heard of one talk show host who had two jobs in different cities. He did his morning talk show, took a plane to the other city 150 miles away, did his evening show

Consumer magazines aimed at women are as diverse as the market they serve. Some meet the interests of particular age groups; while others target particular racial, ethnic, and economic groups. Some have lasted more than a century, some started only during the last decade, and some have ceased publication after only a few issues. This reference book profiles seventy-five consumer magazines published in the United States and read primarily by women.
