Our Infertility Journey. Most people don't think infertility is in their future. Some of us may have irregular periods or menstrual pain that make us wonder how easy it will be to try to conceive. However, those factors alone don't guarantee somebody will struggle. Personally, I had no physical indications that I'd become an IVF warrior.

~~Our Infertility Journey: by an IVF Success Warrior ...~~

My fertility journey has been rough. Part of me longs for the “normal” journey to baby that I’ve heard so many women go through, but the deeper I get into this world of IVF, infertility, and now pregnancy, I fully realize there is no “normal.” My fertility story began at the age of 36.

~~My Fertility and IVF Journey—Expectful~~

A bit less invasive an In Vitro Fertilization (IVF), an IUI is a procedure where sperm is washed (they pick the BEST swimmers in the batch) and then placed directly inside your uterus during the time of ovulation. To clarify, this would have used my husband’s sperm and my eggs BUT you can also do this with sperm donors.

Dealing with infertility and having to undergo IVF (in vitro fertilization) is very stressful. Nothing can truly prepare you physically, emotionally, and financially the struggles you are about to endure. IVF and meditation is how I survived the stress, anxiety, sadness, and anger of this heartbreaking journey.
