New Modernist Type (Book) | The Seattle Public Library ...

Modernism is both a philosophical movement and an art movement that arose from broad transformations in Western society during the late 19th and early 20th centuries. The movement reflected a desire for the creation of new forms of art, philosophy, and social organization which reflected the newly emerging industrial world, including features such as urbanization, new technologies, and war.

Modernism - Wikipedia

Modernism was based on industrial materials that made new forms of architecture possible. Arguably, the earliest example of this was The Crystal Palace in London's Hyde Park build to house the Great Exhibition of 1851. This structure was completely constructed of glass and iron such that its walls appeared to be large crystals.

19 Characteristics of Modern Architecture - Simplicable

Modernist architecture, or modernism, is a style that emerged in the early-20th century in response to large- scale changes in both technology and society. It is associated with the function of buildings, approached from an analytical viewpoint, a rational use of materials, the elimination of ornament and decoration, and openness to structural innovation .

Modernist architecture - Designing Buildings Wiki

Modernist literature is heralded for having changed the form and content of literature and exploring new avenues in style and semantics. Characteristics When Modernism was born, it was in reaction to the way of life that was becoming dominant in society at large, the dominance of the way of the city.

Characteristics of Modernism in Literature With Some ...

In contrast post-modernism is a term that refers to new ways of thinking about thought. Post-modernists believe that knowledge itself needs to be understood in a different way to modernists sociologists such as Functionalists and Marxists. It follows that not all theorists of post-modernity are post-modernists.

Classic modern design never goes out of style: it is merely retired or subtly adapted to its given place and time. New Modernist Type is a collection that reveals how a graphic language of simplicity and economy has impacted contemporary design. Hundreds of modern examples by international designers are grouped into four thematic chapters: Economy, Pure and Simple; Old Modern Redux; Modern Signs and Symbols; and New, Newer, Newest. With an historical introduction putting todays tendencies in context and a reference section that includes a list of designers websites, New Modernist Type is a rich sourcebook of ideas for the most functional of styles.

A history of calligraphy and lettering offers examples of typefaces found on formal announcements, invitations, advertising, and other "commercial handwriting" from the United States, England, Germany, France, and Italy.

Letter Perfect explores the artistic facet of the style, arrangement, appearance, and recent accelerated

evolution of typeset matter, primarily through the medium of posters.

"Probably the most important work on typography and graphic design in the twentieth century."--Carl Zahn, The Museum of Fine Arts, Boston

Virtually anything can be used to make original typography: flora, fauna, foodstuffs even mens underwear. Whats more, once you start looking, it is impossible not to see letters everywhere, in natural, artificial and urban environments. A celebration of the world of letters, The Typographic Universe features more than 300 examples of unusual letterforms, either created from non-traditional materials or found in unexpected places. From deliberate inventions aromatic alphabets made of spaghetti, soup or spices, or contorted typefaces styled out of human handprints to serendipitous and often short-lived discoveries letters formed by chemtrails in the sky, by negative spaces between trees branches and city buildings, or by cracks in plaster to fading ghost types painted on buildings in a pre-digital age, this typographic scavenger hunt will excite and inspire graphic designers, typographers and anyone who shares the current popular fascination with the wonderful world of typography.

An illustrated survey of hand-crafted letter typography cites recent trends and the use of hand-drawn graphics in mainstream marketing and popular culture, drawing on an extensive array of samples organized under such headings as, "Scrawl, "Script," and "Simulate."

In The Moderns, we meet the men and women who invented and shaped Midcentury Modern graphic design in America. The book is made up of generously illustrated profiles, many based on interviews, of more than 60 designers whose magazine, book, and record covers; advertisements and package designs; posters; and other projects created the visual aesthetics of postwar modernity. Some were émigrés from Europe; others were homegrown—all were intoxicated by elemental typography, primary colors, photography, and geometric or biomorphic forms. Some are well-known, others are honored in this volume for the first time, and together they comprised a movement that changed our design world.

Each sheet of wrapping paper and gift tag features a different typographic design from Type Deck, allowing typography and graphic design enthusiasts to mix and match.

Modern Typography, 2nd Edition is a completely updated and revised edition of Robin Kinross's classic survey of European and North American typography since 1700, first published in 1992. In addition to numerous new illustrations and revised text, Modern Typography has been re-scaled to a new, convenient pocket format. Kinross's overview breaks ground by focusing on the history of typography as an intricate web of social, technical, and material processes, rather than a parade of typeface styles. Eye magazine calls Modern Typography the book that tells "how modern typography got to be the way it is." Together, Kinross's clear, concise writing combined with his extensive knowledge of the history of typography create a gold standard for how design history ought to be written.

A journal for sketching, tracing, and coloring classic typefaces. An illustrated gallery offers terminology and tips from the pros.
