Filled with comprehensive, balanced coverage of classic and contemporary research, relevant examples, and engaging applications, this book shows you how psychology helps you understand yourself and the world-and uses psychological principles to illuminate the variety of opportunities you have in your life and your future career. While professors cite this bestselling book for its academic credibility and the authors' ability to stay current with "hot topics," students say it's one text they just don't want to stop reading. The book and associated workbook are highly readable, engaging, and visually appealing, providing you with a wealth of material you can put to use every day. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Filled with comprehensive, balanced coverage of classic and contemporary research, relevant examples, and engaging applications, this text shows you how psychology helps you understand yourself and the complex social world around you. It also uses psychological principles to illuminate the variety of opportunities you have in your life and your future career. While professors cite this bestselling book for its academic credibility and the authors' ability to stay current with "hot topics," students say it's one text they just don't want to stop reading. The text and associated workbook are highly readable, engaging, and visually appealing, providing you with a wealth of material you can put to use every day. Also available: the MindTap online learning experience, featuring an eBook, activities that engage you in thinking about common misconceptions about psychology, animations that introduce key concepts, cool apps (including a text-to-speech reader), and more.

A textbook on the psychological issue of adjustment that encourages students to assess popular psychology resources. Emphasizes both theory and application in content areas such as modern life, personality, stress, coping, social influence, interpersonal communication, love, gender, development, careers, sexuality, health, disorders, and psychotherapy.

Filled with comprehensive, balanced coverage of classic and contemporary research, relevant examples, and engaging applications, this text shows students how psychology helps them understand themselves and the world--and uses psychological principles to illuminate the variety of opportunities they have in their lives and their future careers. While professors cite this bestselling book for its academic credibility and the authors' ability to stay current with hot topics, students say it's one text they just don't want to stop reading. Students and instructors alike find the text to be a highly readable, engaging, visually appealing package, providing a wealth of material they can put to use every day. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Edition after edition, this comprehensive book has enjoyed best-seller status in a crowded field. While professors cite the book for its academic credibility and the authors' ability to stay current with "hot topics," students say it's one text they just don't want to put down. Students and instructors alike find the text and associated workbooks to be a highly readable, engaging, visually-appealing package that provide a wealth of personal applications. This is no ordinary applied psychology book. Wayne Weiten and Margaret Lloyd's text helps students understand the psychological reasons for their reactions to everyday situations. The authors do an outstanding job of providing practical advice on such subjects as coping with social pressure, improving communication with your sexual partner, protecting yourself from AIDS, and developing healthy lifestyle habits. And it does so without sacrificing scientific rigor or accuracy.

Edition after edition, this comprehensive text for the adjustment course has enjoyed best-seller status in a crowded field. While professors cite the book for its academic credibility and the authors' ability to stay current with "hot topics," students say it's one text they just don't want to stop reading. Its relevant examples spark students' interest in psychology, and its engaging applications that show students how psychology helps them understand themselves and their world. Students and instructors alike find the text and associated workbooks to be a highly readable, engaging, visually appealing package that provide a wealth of personal applications

This student-friendly introduction to the field focuses on understanding social and practical problems and developing intervention strategies to address them. Offering a balance of theory, research, and application, the updated Third Edition includes the latest research, as well as new, detailed examples of qualitative research throughout.

The text can be bundled with a "Personal Explorations Workbook" containing exercises, questionnaires, and personality tests designed to help students better understand themselves and their attitudes about a variety of subjects. Among the topics covered are: "What Are Your Study Habits Like?," "How Do You Relate to Friends?," "How Do You Feel About Gender Roles?," and "What Do You Know About The Career That Interests You?"
