The Cucumber for Java Book meets an important need—the large Java community has a great tool in Cucumber but very limited documentation on how to use it effectively. This is the book I'll recommend to my Java clients who want to hit the ground running with Cucumber. Richard Lawrence BDD Trainer and Coach, Agile for All A gentle yet complete introduction to Cucumber on the JVM. An excellent step-

Cucumber has been ported to many programming languages, but this book is about the version written in Java. That doesn't mean the system you're testing has to be written in Java. Java has many libraries that enable it to talk to other languages and platforms, and we'll show you how to use them to test web-based systems that could be written in any language.
